## Everything we do, we do for you!

For 20 years, Lifestyle Communities has lived and breathed the wants and needs of the downsizer homeowner; consistently refining our approach, communities, and homes to not only meet your needs – but exceed them!

And with two decades of experience behind us, our focus on giving our homeowners what they want; and what they need, has never been sharper.

We build beautiful, downsizer-centric homes across Melbourne, Geelong, the Bellarine and Mornington Peninsulas and Regional Victoria, complemented by stunning amenities that engender connectivity and wellbeing.

We build communities because our homeowners have worked hard for what they have, and they deserve beautifully designed low maintenance homes in concert with best-in-class amenities.

We create communities because our homeowners haven't given up on returning to a time when they built strong communities around their own homes.

We nurture our homeowners because they seek a space that's truly their own, that strikes the perfect balance between connection and privacy; independence and activity.

We believe it's a privilege to walk alongside the downsizer and elevate the next phase of their lives, which is why we maintain a laser-like focus on best practice outcomes for our people and our product. This is underpinned by all the benefits you'd expect to find at an ASX200-listed company with over 20 communities (and then some).

We champion bigger, more enhanced lives for our homeowners because we know that reducing their property footprint takes a giant leap of faith. Like us, we believe they're just getting started. After all, they're the generation of change. And they're not done yet.

We readily acknowledge that we're not for everyone; but for everyone who wants to downsize without compromise, we're ready when you are.

So far, we've helped over 4,000 happy homeowners discover the upsides to downsizing to a bigger life at a Lifestyle Community. We're incredibly proud of our story and we'd love you to be a part of it.
